To make sure you don't scratch your item or your floor, assemble your item on top of a carpet or the cardboard it came in.

Component List

Item	Image	Quantity	Item	Image	Quantity
A		1	B		1
C		1			

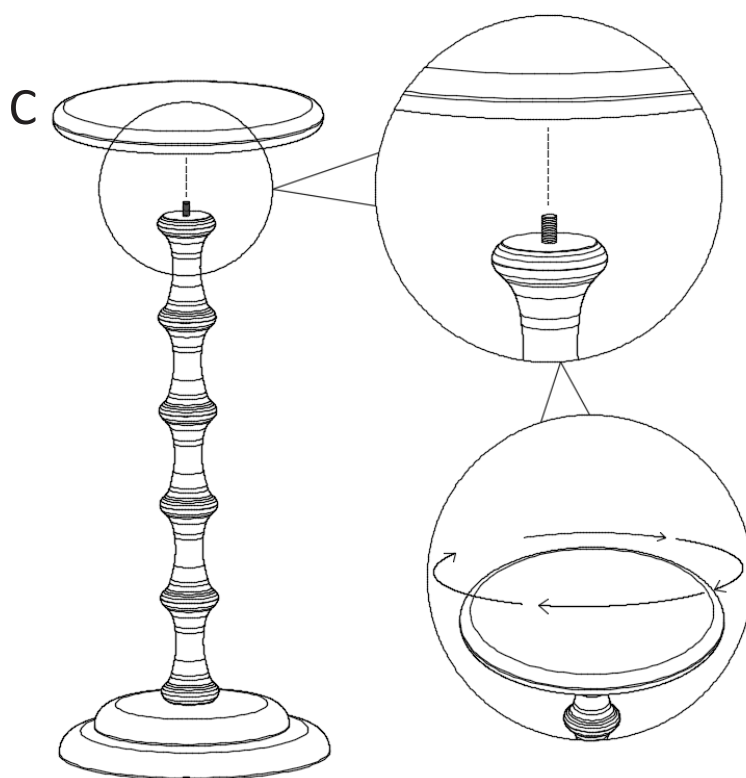

Step 1

Ok, this one's real easy.
Start by twisting pedestal
rod (B) onto the base (A).

Step 2

Then, twist on the top (C). You'll want to start slow, but once you get it
started, you can spin that thing like a techno DJ.

Step 3

That's it. You're done! Congratulations,
you deserve a reward. Perhaps a cocktail?
