body is for reference only.

Made in China

CARE AND MAINTENANCE

- For indoor use only.
- Do not clean fixture with chemicals, solvents, harsh cleaners, or polish as they may damage the finish.
- Dust and clean using a soft dry or damp cloth.

How to Install HARE WIRE PENDANT LAMP:

A- Turn off circuit breakers and wall switch to the fixture supply line lead

Failure to disconnect power supply prior to installation may result in serious injury

B- Remove existing fixture and disconnect all electrical wiring.

C- Secure mounting plate (3) to outlet box with the mounting screws (4).

D- Connect fixture wires by using wire connectors (1): white wire to white (neutral) wire, black wire to black (live) wire and bare copper ground wire to ground screw terminal (2).

E- Secure canopy (5) to mounting plate (3) with the support screws and round nuts (6).

F- Install the shade (7) onto the socket and hold in place with the socket ring (8).
