

WARNING

- *This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. this plug will fit in a polarized outlet only one way. if the plug does not fit fully in the outlet, reverse the plug, if it still does not fit, contact a qualified electrician.
- *Never use with an extension cord unless the plug can be fully inserted. do not attempt to defeat this safety feature.

CARE AND MAINTENANCE

- *Unplug lamps before using any cleaning solutions. Dust shades with a feather duster or with an appropriate vacuum-brush attachment. Wipe with a soft, dry cloth and clean lamp bases with the methods appropriate to the material. Avoid the use of chemicals and household cleaners as they may damage the finish.

PLEASE USE ON/OFF TYPE "A" BULB MAX 100-WATT OR LED BULB MAX 12-WATT THERE IS LED 9-WATT BULB IN THE BOX

 The diagram shows the individual components of the lamp. At the bottom is the base (A), which has a power cord with a plug. Above the base is the neck (H), which has a saddle (B) and a harp (D) attached. The harp (D) has a finial (F) at the top. The lamp shade (E) is shown above the harp. Arrows indicate the assembly direction: the neck is inserted into the base, the harp is inserted into the saddle, and the shade is placed on the harp.	 The diagram shows the lamp with the shade and harp already attached. A light bulb is shown being inserted into the socket (C) at the top of the harp. An arrow points down towards the socket.	 The diagram shows the fully assembled lamp. The base (A) is at the bottom, followed by the neck (H) with the saddle (B) and harp (D) attached. The lamp shade (E) is on top of the harp, secured by the finial (F). The power cord is plugged into the base.
Step 1: Pull power cord to connect the Neck (H) to the Base (A) Insert the Harp (D) into the Saddle (B). Put the shade(E) on the Harp(D), then tighten the Finial (F) until tight.	Step 2: Insert the bulb(G) into the socket(C).	Step 3: Put the light on a level surface to check if everything is stable.
