- Be sure to check all packing materials carefully for small parts may have come loose inside the carton during shipment. If parts are missing, contact the retailer from which you purchased the product to obtain any missing parts. DO NOT USE SUBSTITUTE PARTS.
- Periodically check to ensure that all connectors (bolts, screws, etc.) are tight.
- Keep the instructions for future reference.
- Some assembly may involve attaching glass or mirrors. Be very careful handling the glass or mirrors, as severe injury may result if the glass or mirror breaks. Never handle large pieces of glass or mirrors by yourself.

- When assembling products that have electrical cords (lamps, lights, motors, power strips, etc.), always (1) make sure the electrical cord is unplugged before assembling, (2) be careful not to twist or pinch the electrical cord during and after assembly, and (3) DO NOT USE AN EXTENSION CORD WITH THIS PRODUCT.
Note: During charging, the device and the charger could heat up, this is normal. If the battery gets hotter than usual, the device may stop charging.
WARNING: Remove all metal objects like coins and keys from the charging surface and remove any metal objects attached to your mobile phone before placing the device on the charging surface. Some mobile devices or cases may attract metal objects.
- When assembling shelves or entertainment centers, do not stand on lower shelves in order to assemble upper shelves—use a step ladder.
- Do not sit or stand on tables, including but not limited to, end tables, cocktail tables, and dining tables, as tables are not engineered or designed to support the weight of a person.
